

# TRANSFORMING HEALTH EQUITY

## FORREST HEALTH'S SUCCESS STORY WITH QUALIFY HEALTH

### THE CHALLENGE

#### No underinsured help

#### No copay relief

#### Funding missed

- A large group of uninsured and underinsured patients needed treatment
- Their former vendor only helped uninsured patients, and did not offer copay relief
- More funding opportunities were available, but not captured
- The hospital served a county with Health Equity needs

### THE SOLUTION

Qualify Health maximized the funding opportunities for Forrest General patients. Qualify Health's solution identified funding for the uninsured and underinsured.

- Automatically matched insured and uninsured patients to financial assistance
- Provided relief in the form of co-pay cards, travel and urgent needs
- Improved health equity for Forrest General patients

### THE IMPACT

## 36x

More  
Patients Enrolled

## 2,000

Patients  
Helped

## Reach

Expanded into ER and  
other departments

Qualify Health cut Forrest General's administrative burden and improved patient health equity

### LIFE-SAVING CARE FOR MISSISSIPPI CHILD

A Mississippi family couldn't afford to drive to their child's life-saving bi-weekly Pompe treatments.

Their household income was less than \$40,000, and the 120-mile bi-weekly trip threatened to derail critical care.

Qualify Health secured a renewable \$500 gas card. Now, this family never misses a treatment

### GET STARTED TODAY

Qualify Health offers risk-free adoption with no-code integration. It has a unique pay-for-performance model. There are no upfront fees.
