

# TRANSFORMING HEALTH EQUITY IN MISSISSIPPI

HOW FORREST HEALTH REACHED MORE PATIENTS

**36X**

## THE CHALLENGE

### A System That Left Too Many Patients Behind

High need in a region with major health equity gaps

#### Insurance Gap

Many patients were uninsured or underinsured and needed treatment

#### No copay

Former vendor only helped uninsured, with no copay relief

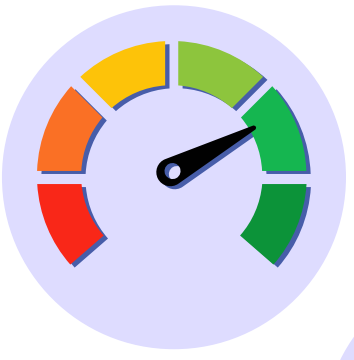

#### Missed funding

More funding opportunities available but not captured

## THE SOLUTION

### Qualify Health's Automated, All-Inclusive Platform

- Matched both insured and uninsured patients to assistance
- Provided copay cards, urgent need funds, and travel support
- No-code integration and risk-free adoption (implemented in under 30 days)
- Pay-for-performance model — no upfront cost

## THE IMPACT

### Dramatic Results in Just Months For Forrest Health

**36x**

patients enrolled

**2,000+**

patients helped

**Reach**

ER & more departments

**QUALIFY HEALTH** cut Forrest Health's administrative burden and improved patient access to care

## HUMAN IMPACT

### Life-Saving Care for a Mississippi Child

A Mississippi family couldn't afford to drive to their child's life-saving biweekly Pompe treatments.

Their household income was less than **\$40,000**, and the **120-mile** biweekly trip threatened to derail critical care.

Qualify Health secured a renewable **\$500** gas card. Now, this family never misses a treatment.

 **ForrestHealth®**

**HOW MANY PATIENTS ARE YOU MISSING?**

**Qualify Health offers risk-free adoption. No upfront fees with a pay-for-performance model.**

Qualify Health's automated platform connects patients with healthcare financial assistance programs, removing barriers to critical care.
