

# Automated philanthropic matching

## HOW WE HELP

### Automated Matching

Reduce administrative burden and minimize manual processes

### No-code Integration

Easy setup with minimal IT involvement

### No Upfront Fees

Pay-for-performance model, we get paid when you do

### Retroactive Matching

Identify eligibility in past patient cases, reduce bad debt

## Recover Revenue Reduce Bad Debt Enhance Patient Care

Qualify Health revolutionizes patient financial assistance for hospitals. Our software automates the matching of financial aid funds to patient treatment plans and health needs.

Minimize manual effort, get retroactive matches plus setup your patients to maximize their financial assistance with foundations, grants and co-pay options.

Qualify Health offers risk-free adoption with no-code integration and no fees with our unique pay-for-performance model. We get paid when you do.
